Hi Brad,

LASAN's Clean Water Conveyance Divisions are investigating. Provided those are our manhole covers, we should be able to assist. Diana will follow up with you after we hear back from them.

Hey Leon,

Just wanted to follow up on this and see if you could point me in the right direction.

Thanks,
Brad

Hi Leon,

I came across another strange case that I am hoping you might be able to assist with. Apologies in advance for my ignorance of the technical terms.

Would it be possible to arrange for an inspection at 1498 Sunset Plaza Drive? The constituent who lives at this location has been having a difficult time sleeping because his bedroom is along the front of the property and below street level. There are two manhole covers there and LADWP suggested that vehicles driving over them might cause reverberations that impact the property. Is there anything LASAN can do to try to insulate these manhole covers or otherwise address the issue?

Thanks,
Brad
